Career Objective

Recent Computer Science and Engineering student at AIUB with a strong foundation in web development and database management. Seeking an Intern - Software Development position where I can apply my programming skills (JavaScript, .NET) and problem-solving abilities to contribute to innovative technology solutions while expanding my professional expertise.

Education

- Bachelor of Science in Computer Science and Engineering – American International University-Bangladesh (AIUB) – *2023 – 2027*

- *Relevant Coursework:* Data Structures, Object-Oriented Programming, Advanced Web Technologies, Database Management Systems.

Skills

- Programming Languages: JavaScript, .NET (Basic), C#, C++, Java
- Web Technologies: HTML, CSS, Web Development Principles
- Database: MySQL, SQL, PostgreSQL
- Tools & Technologies: Git, GitHub, Visual Studio Code
- Other Skills: Problem Solving, Data Structures and Algorithms, Object-Oriented Programming.

Languages

- English: Fluent
- Bangla: Native

Certifications

- CSFest Volunteer Certificate – AIUB Computer Club, 2024

Projects

Zero Hunger Management System

- Designed a 3-tier architecture system to automate food collection and distribution workflows for an NGO.
- Developed REST APIs and designed a relational database with proper entity validation to track food requests and employee assignments.

Co-curricular Activities

- Served as Volunteer of the AIUB Computer Club (CSFest) and helped organize technical events involving students. April 2024.
